Vibrant straw-gold colour with a lively yet subtle mousse. The aromas are complex yet fine and the palate balanced and round with light apple, citrus and peach fruit.

Vinification Details:

Regional info:

Located in the CÃ´te des Bar, southern Champagne region. These vineyards south of the town of Troyes form a peak with Bar-sur-Aube at the top and a line along Bar-sur-Seine & les Riceys at the bottom. The soil is the same as the rest of Champagne. However, the climate is closer to Burgundy.

Producer Information:

Interest in 'Grower's Champagnes', such as Albert Beerens, is definitely on the rise in the UK. It is a family owned firm with 6.5ha of mainly red grapes in the Aube. We have been drinking and selling their wines for many years and were delighted when Albert's daughter Anne-Laure came to work with us in 1999 as part of her Masters degree. Now in charge of operations, Anne-Laure works tirelessly to keep up the high standards set by her father and the quality has never been better.
